Legal Stuff: Our Policies, Procedures, Services and Rates may change from time to time. We will attempt to notify you of these changes prior to your stay. We reserve the right to refuse service to anyone at our sole discretion. Owners understand that supervised off-leash socialization and interaction between our guests is encouraged. Owners also acknowledge that dogs are unpredictable in behavior, and are aware of the risks involved in such play, and assume all risks. In order to maintain a safe play environment for the dogs, any dog that misbehaves will be given a time-out from the daycare area. Because excessive barking can escalate the intensity of the pack dynamic, we reserve the right to remove a barking dog from play time, if excessive barking persists throughout their stay we will ask you to find alternative care for your dog(s) in the future, or if they are here for Daycare we may then contact you to pick up your pet.

Health/Vaccination Requirements: Proof of up to date vaccinations from a licensed veterinarian is required. Records can be faxed to us by your veterinarian at **757.491.7721**. All pets must be spayed or neutered and be vaccinated for rabies, distemper, and Bordetella. Pets under 6 months old and not spayed or neutered must be reviewed for acceptance by Management. Flea and tick control treatment is required and if your pet has not been treated we will administer Advantage for \$15.00 due at time of check-out. We are able to administer a Bordetella vaccine for \$20 charge if needed.

Behavior: All dogs must be non-aggressive toy protective, to participate in our free-roaming environment. Owners will certify their dogs have not harmed or shown any aggressive or threatening behavior towards any person or any other dogs. If your pet does not fit with our policies, they will not be allowed to free-roam with the others and our environment is not appropriate for dogs that need to be left in room all day. Please remember that your pet will be spending time with other pets and the safety and health of the pack is our main concern. First day of Doggie Day Care is a trial for our staff as well as you and your dog(s), if all goes well they may stay all day; if otherwise we will contact you to pick up your dog. If after this first day our staff does not see them as a good fit for our program they will not be re-admitted for Doggie Day Care.

Medical Care: If your pet develops any health problems and medical treatment is needed, HGR&B will make a reasonable effort to reach the guardian and/or emergency contacts. HGR&B will pursue treatment with one of the following: your veterinarian, Hilltop Veterinary Hospital, or an emergency treatment facility. Treatment may include, but is not limited to injections, medications and diagnostic testing. HGR&B will pay for treatment when veterinary services are rendered, but the pet's guardian/responsible party is responsible for reimbursement at time of pick up.

Feeding & Grooming: HGR&B will not provide food for your pet's stay for digestive reasons. Please bring your pet's food with you at time of check-in. If your pet requires medications to be administered we will be happy to do so. Medications must be clearly labeled with instructions and method of administration provided (i.e. pill pockets, needle and syringe, please supply the mode of administration as we do not keep chesee, peanut butter, etc. at the facility). HGR&B offers all grooming services for all dogs; please inquire about these "spa" services.

Check-in: Pets may be checked in any time during regular operating hours. Check-in requires current vaccination records and all registration forms completely filled out, signed, and dated prior to date of check-in. All first time clients must provide Credit Card to be kept on file till time of Check Out, it will then be deleted from our system. Doggie Day Care and Boarding is available upon a first come first served basis. Scheduling your pets stay ahead of time is the best way to secure their space.
